stefanleon03@gmail.com

Greetings, my name is Stefan Leon. I was born and raised in Houston, Texas, and I am currently attending Texas Tech University, pursuing a Bachelor of Landscape Architecture with a Minor in Architecture. I've always had an imaginative and creative mindset, and over time, I realized that my goal in life is to make a meaningful impact on people's lives. To me, landscape architecture is about designing for a better tomorrow, and I hope to contribute to that mission in a lasting and positive way.
